HEAD OF SCHOOL

Mr. Norman Southward

Dear Ashburians,

Our 2016-17 school year, and our 125th celebrations come to a close with the Class of 2017 heading out to promising futures, supported by an educational foundation rooted in tradition, yet forward looking. Ashburians, new and old, have rallied around our quasiquicentennial with energy and interest as Ashbury's history runs very much in parallel to Canada's 150th, symbolic of a then young school, and a nation coming of age.

Our built heritage remains in a way that preserves the beauty of our green spaces, while ensuring outstanding facilities. Beyond the beauty of the red brick entrance to our Rockcliffe campus, Ashbury's facilities' development is driven by program improvement and excellence. As an early IB World School, adopter of new technologies, and a place where students thrive in a range of co-curricular activities from athletics to the creative arts, Ashbury seeks to build on programs of rigour and relevancy for students of the future. Moreover, Ashbury is a community that fosters kindness and compassion, where one's character transcends all, as students take flight in their university studies and contributors to their communities around the world.

With many reminders this year of our history, we are all the more knowledgeable about those Ashburians who have built our country's legacy, even in some small way in their own communities, and perhaps on a grander scale on the national and international stage. Our alumni around the world they speak with passion about their school experiences, the teachers that guided them, and the people they met along the way. This is the single most important part of a school at any point in their history: its people—students, faculty and staff, parents, alumni and board, and at Ashbury, we are proud of the many who have walked through our doors these past 125 years. I am very proud of our students and the Class of 2017, for their achievements and progress this year, and for the energy they continue to bring our community – je vous félicite pour une année scolaire exceptionnelle!

Probitas, Virtus, Comitas.

Norman Southward
Head of School – Directeur

DEPUTY HEAD
Mr. Brian Storosko

Inspiring students to become intellectually curious, compassionate and responsible citizens is the hallmark of teaching and learning at Ashbury College. The mission of the school does guide our decision making, but it is the vision that drives student growth. – “we strive to embrace

innovation in teaching and learning” both in and out of the classroom. The staff, teachers and administrators are fortunate enough to witness this growth in our students every single year. Each week at assemblies we have witnessed passionate students speak about their activities and events. Students speak about connecting with others across Canada and the world, they speak about their classes, their clubs, their activities, their challenges and even their slip-ups.

The value proposition of the Ashbury education lies in this student engagement. Global networking, technology to enhance learning, balance through unplugging, exposure to character values and preparation for future education are all examples of engagement that we see in the pages of this year book. As our students move along to create a better world for others, we hope that the pages of this publication will remind you of your time of growth and engagement at Ashbury College.

HEAD OF SENIOR SCHOOL

Mr. Gary Godkin

Having spent the better part of the last 25 years teaching, coaching and leading in several public and independent high schools, one might think that I should have it all figured out, and that I would know exact what advice to give students and parents with respect to courses, trips, teams as well as universities and the vast number of programs that they offer. While I have learned a great deal over the years, I garnered a new perspective this year and that was of a parent of a graduating student. Students have more choice than ever before, both during secondary school, at university and beyond. The most in-demand jobs today did not exist 10 years ago and might not exist 10 years from now. How then do we prepare for a future full of so many unknowns? The answer is to focus on acquiring skills that will serve you in whatever discipline you choose. The ability for an employee to be an autonomous learner is a must. Skills like problem solving, communication, mining and using data for decision making, being globally and technologically aware will be critical for future success. Students can develop these skills through the courses they take, the teams and clubs they participate on, the trips they take and the challenges they attempt. I encourage all students to look beyond just the marks they can get when selecting courses, they should try to find an opportunity that will take them outside their comfort zone.

Whether that is signing up for robotics when you feel as though you know nothing or auditioning for the play when you fear being in front of an audience, try something new and you will definitely be the better for it.

Congratulations to an amazing graduating class. From the many great performances in Art, Music, and Drama to Athletics to the marks that you earned, you overachieved. Cappie nominations, OFSAA medals, and offers from various IVEY League and top Canadian Universities. Look out world, you are about to meet the class of 2017! To all of students returning, here is my very simple advice. Study hard, play hard and have fun with everything that you do.

HEAD OF JUNIOR SCHOOL

Ms. Kendal Young

Earlier this year I stumbled upon an album called "Endless" and realized how much this album tied nicely into the academic year in Junior School. Personal growth is indeed endless. In September, we spoke about this core value; it seems fitting that we would end the year on the same note. Author, Viktor Frankl, once wrote "When we are no longer able to change a situation, we are challenged to change ourselves." All year, we have been changing and growing as we adapt to new expectations, courses, teachers, and friends. Inarguably, change is inevitable if we wish to grow and not get stuck in our old ways. So how have all of you changed this year? I think about the Grade 7 boy who used to avert his gaze, but who now enters the school with a confident handshake; I think about the girl who had never run a race and returned on a Monday morning announcing she conquered her personal best; I also think about the Grade 5 boy and girl who were terrified of public speaking but are now avid members of the Debating Club. And of course, there is the Grade 8 boy who has grown into a very talented and creative writer, not to mention the Grade 6 girl who lacked confidence at the beginning of the year but who now stands up for herself and helps others. And finally, there are all of you who have assumed new responsibilities or joined new clubs or sports teams. You have all changed and grown as a result. This growth, however, does not happen without support. It is the endless number of people who have seen potential in you. It is they who have pushed you out of our comfort zone. The well-known professor, Dumbledore, once said to Harry Potter "it is the unknown we fear, nothing more." Leaving the known can be petrifying; but if you are open-minded, you will allow the people around you to assuage your fears. Likewise, it is the people in our lives who provide us with opportunities to grow, "It is our choices that show what we truly are, far more than our abilities," declared the wizard. And as Dumbledore played a significant role in the growth of Harry Potter, so too have your parents and teachers. While the school year has now come to an end, growing has not. So, what is next? As we move through a fast-changing world, the need for inquiry is becoming more and more important and is inextricably linked to growth and success. Likewise, remember to listen as much as you ask questions. When we do not take the time to listen, it is at our peril. We will miss out on important gems of wisdom and slow down growth. In closing, my favourite song on the fateful album Endless was Start Again. In September, you will indeed start again, start a new chapter, meet new friends, set new goals and continue to grow.

Orientation Day

Opening

Excitement, anticipation, pride, and a sense of belonging were among some of the many emotions that students experienced on the first day of the 2016-2017 school year. For returning staff and students, the familiarity of the school was both comforting and exhilarating. For new faculty and students, the nerves for the unknown were coupled with enthusiasm. Together, the entire student body and faculty welcomed each other into another exceptional school year - Ashbury's 125th. The Ashbury community is excited to celebrate the quasiquicentennial of a place that many call a second home.

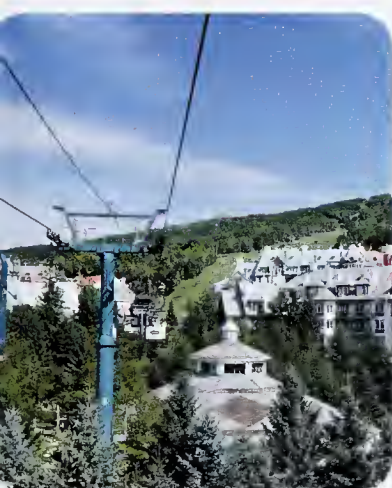

As usual, this year's Grade 9 Camp was filled with fun, sun, and getting to know each other. In addition to all of the orientation and team-building activities, everyone enjoyed the campfires and became close with other people in their cabin, including the Grade 12 leaders. Furthermore, through house competitions integrated into camp life, students became familiar with their houses - and competitive against the other houses! Overall, all of the campers had an amazing experience spending time outdoors.

Homecoming

This year, like many other years in Ashbury's history, Homecoming was a blast! All participants enjoyed the day filled with sports, good food, and friends. The morning started off with a fun run for Terry Fox. Teachers, students, and alumni ran together to support cancer awareness.

Next up, the soccer match between alumni was exciting to watch. As always, it was awesome to see the senior football team in action as they played on the field. At halftime, a marching band performed a series of amazing pieces and wowed everyone listening. Kids at homecoming enjoyed face painting, a bouncy house, and even a soccer shooting game. The weather was perfect for school tours and spending time with the community. It's safe to say this was an awesome start to the school year!

This year's House Run brought all Senior School students together for a pleasant jog - or fierce run - through the Rockcliffe area. The whole school came together to run for the cause of the United Way. As always, a huge thanks to all the House Captains for organizing the event, to the teacher facilitators for keeping students on-track, and to the kitchen staff for providing an amazing barbeque lunch. Of course, we'd also like to thank all of the students who came out to represent their house in this classic Ashbury tradition!

Remembrance Day

This year's Remembrance Day ceremony featured guest speaker retired General Paul Manson, who reminded us of those who sacrificed and suffered loss in past wars. The ceremony involved several presentations from Junior and Senior school students, as well as musical performances from students and Staff Sergeant Brad Hampson '82. Reverend Canon David Clunie also had a deep and meaningful message to deliver to the student body. Thank you to all of those involved who helped ensure that those who have passed are not forgotten.

Coffee House 2017 was jam packed with talent. Various participants showcased their passion for music and worked in unison to entertain the crowd. Paris Molokwu-Ogwuda hosted the evening, keeping the event rolling with his clever jokes and expressive dance moves. The night included performances from Isabella Bruinsma, Haigann Fevrier-President, Noa Caspi, Alexandra Akman, Seoyoung Kwon, Valerie Favret, Cailin Craigen, Liberty Aliferis, Emily Kourlas, Sophie Slessor, Thomas Sachs, Elias Mondor, Miskokijig McGregor, and many more

Holiday Cheer Week

This year's Holiday Cheer Week was a huge success.

For an entire week, the school was filled to the brim with wonderful holiday spirit. This year's tree and its ornaments were once again a staple of the week, appearing in Santa and Mrs. Claus' group photos with students and teachers. Throughout the week, students also had the chance to enjoy holiday movie showings in the theatre, hot cocoa, and a cookie decorating station.

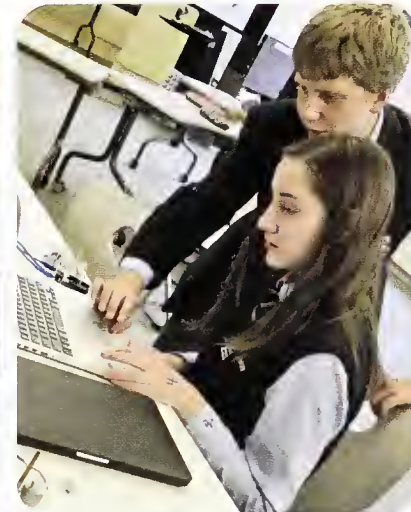

Needless to say, holiday spirit was in the air as classes wrapped up and students headed off around the world for the winter break.

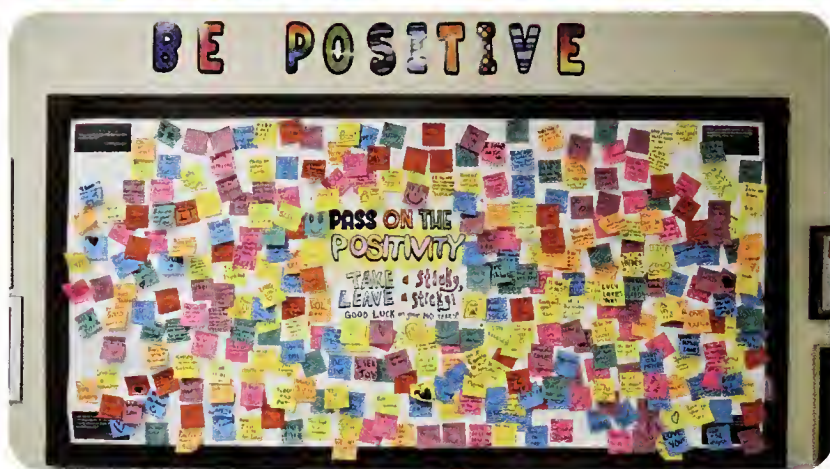

This year, Ashbury held its independently-run TEDx event again. Like last year, the event was a huge success! Speakers were split up between afternoon and evening sessions. The theme of the event was exploring the answers to Big Questions. Fifteen students, parents, teachers, diplomats, and local experts took the challenge of presenting on a wide variety of topics, ranging from concussions to the refugee crisis. The thought-provoking speeches at TEDxAshburyCollege engaged both the present and online live-streaming audiences worldwide.

Monte Carlo

This year's Las Vegas-themed Monte Carlo was a huge success! In total, we managed to raise over \$21,000. The money was given to Christie Lake Kids, the Refugee Sponsorship Initiative and Round Square.

Students were able to make the most of table games, student performances, mock-tails, hors d'oeuvres and much more. Monte Carlo was a great night and a big thank you to everyone who helped to plan, volunteer, and attend the event.

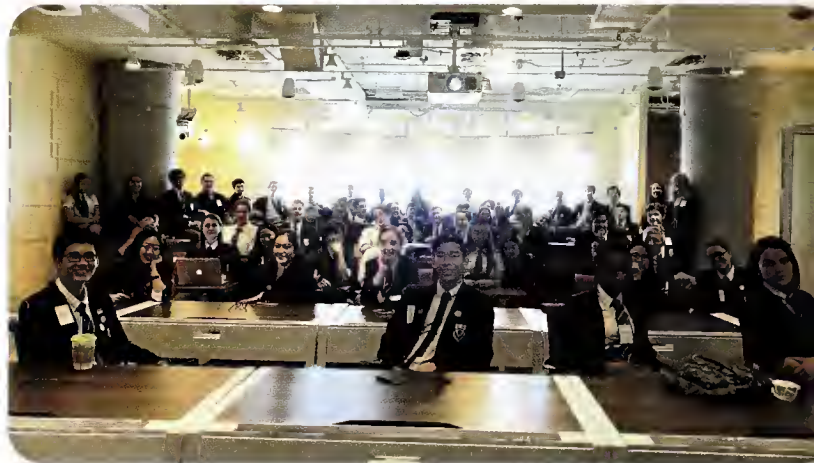

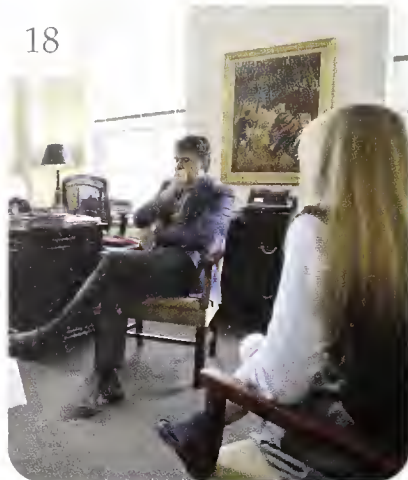

For the art show this year, the CLC was transformed into a creative hub. Students, teachers, parents, and other members of the Ashbury community gathered together to celebrate Arts at Ashbury. This year's theme for the show was *The Art of Becoming*. The arts committee worked hard to put together a series of exhibits of student work, as well as a collaborative piece on the creative process. There were also live performances and fun activities for younger visitors to engage in. Safe to say, this year's art show was a huge success!

International Day

Ashbury College held its annual International Day, this year with the theme of "human rights". We were fortunate enough to have

Irwin Cotler, former Member of Parliament, Minister of Justice and Attorney General of Canada, come to speak to us about the complex issue of human rights. The MUN simulation of human rights in North Korea was entertaining but educational. The day continued with student performances, delicious food booths, and an international fashion show.

Altogether, this year's International Day was a successful event that represented the many cultures and communities at Ashbury.

Ashbury's "Connect2Science" event allows students from science and computer science classes to present their work. Exhibits at this educational event explored a wide range of subjects within the sciences, ranging from gene therapy to electronics and Arduino. Visitors included teachers, parents, professors, doctors and other local experts. Many questions were asked and answered; students attending the event were able to test their knowledge to deeper levels. A huge thanks to Ms. Wall, who organized the event, to the guests, and to all the presenters!

Springtime Funtime

This year's weather was perfect for an amazing outdoor Springtime Funtime. The highlight of the day was the intense and enjoyable relay, where both senior and junior school students had to collaborate. The barbeque lunch provided by the kitchen staff was amazing. The dunk tank was very busy this year, with prefects, teachers, and even Mr. Southward getting soaked by students. Overall, this year's Springtime Funtime was a superb afternoon. Everyone enjoyed spending time with friends, the amazing events, and the spirit of house competition.

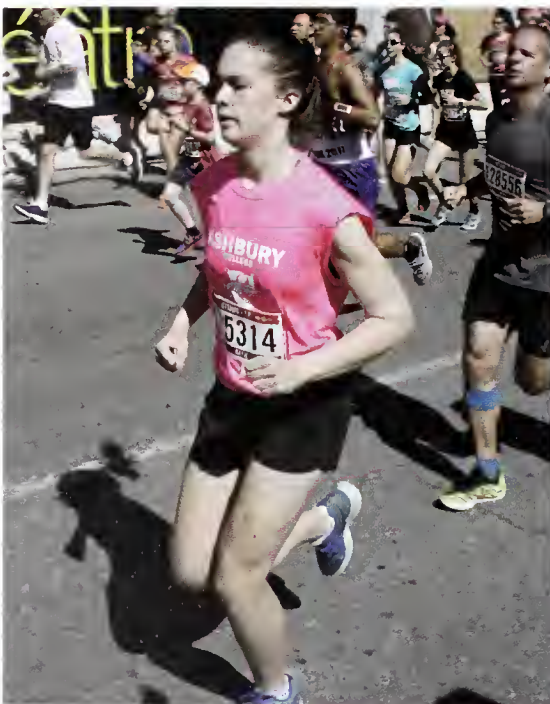

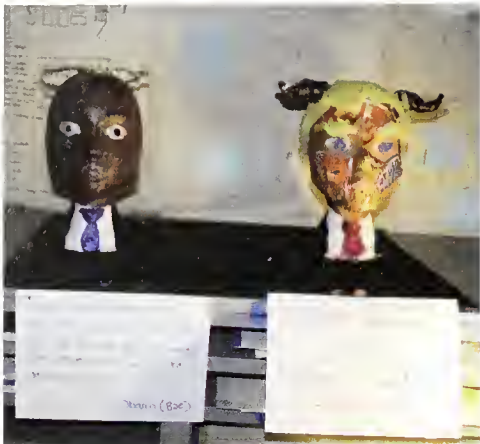

This year's Spring-fest started off with a very *colourful* and exciting 2.5km Colour Run around Rockcliffe, before transitioning into a lovely day of friendly rugby games, face painting, BBQ lunches and more. Ashbury's rugby teams played great games while onlookers cheered, children and dogs ran around saying hello to passers-by, and everyone got together for a good time. The day gave everyone a chance to celebrate spring, say hello to friends, and reconnect with fellow alumni.

Ottawa Race Weekend

"Why should I even bother coming to the dance? I already spend enough time at school." As I nervously laughed to delay my answer to this challenging question I reflected on why we even hold student events. The answer is that yes, we do spend a lot of time at school with our classmates, teachers and teammates so why not strengthen these relationships with unique experiences. As a student leadership team this year we not only organized dances, but also worked on a multitude of initiatives all with the aim of improving and adding enjoyment to our time at school. As a school captain it has been a privilege to work with the prefects, house captains and the entire student body to bring you monthly speeches, faulty promotional videos, coltchelllaaaaaa, chill day... the list goes on. None of these initiatives would have been possible without your participation as students, as well as the support from our insightful and engaged mentor, Mr. Lamont. Thanks for an unforgettable year!

Hey Ashbury!

It's been a great four years competing and learning with all of you. Before I go, there are some people I would like to thank.

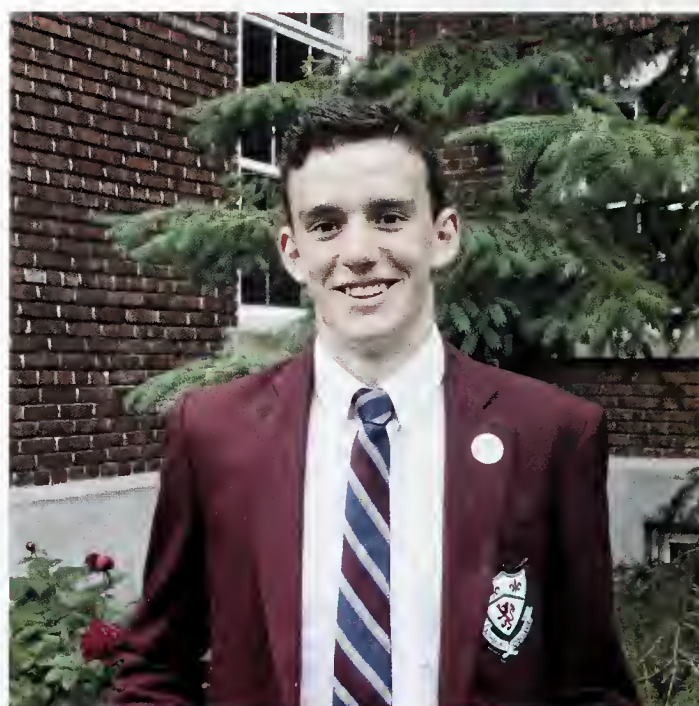

Thank you to the entire student body for allowing me the privilege of representing you and to my Co-Captain, Karina, for working with me throughout the year.

Thanks to Mr. Lamont for guiding me and Karina and showing us how to make our ideas a reality.

Most importantly, a huge thank you to all of the teachers who step up above and beyond their classroom duties to support student initiatives, clubs and extracurriculars. For me, and so many of my friends, you have made the Ashbury experience so much more than just what happens in the classroom.

GRADS 2017

As the 2017 graduates roam and stroll through the hallways of the school for the last time, they trade in their younger selves for the now prepared and mature young adults they have become. Ashbury has readied and groomed these graduates for their paths and the worlds they will face ahead. What they leave behind at the college is their own individual legacies. It has been nothing short of an incredible year for this graduating class, as they have made their way through their senior year with grace and an incredible spirit, excelling in all aspects of their school lives. Only the best and most formidable wishes go to this fantastic group of graduates.

Cheers, Grads of
2017!

It's been quite an eventful 6 years I've had at Ashbury, but I can say I've truly learned a few things; how to draw, how to cite, and what really goes on backstage. Nonetheless, I can honestly say that I've had fun times and made really good friends. Thanks to the people who put up with me, and to everyone still here; good luck, you'll need it. I'm outta here.

Special thanks to my family for always believing in me and for all the sacrifices they have made for giving me this wonderful opportunity. I also want to thank E.T, I.D, E.J & J.S - thank you for always being there for me.

Kara Godkin

The last five years have been incredible. I've learned so much, especially how to deal with family. With five Godkins wandering the halls, it was an interesting high school experience for sure. Despite embarrassing me at almost every assembly and business class, I can't thank my parents enough for all the opportunities they've given me, and how hard they work to let me attend Ashbury. Thank you to all of my friends for the great laughs, to all my coaches for their dedication and passion, and to all my teachers for passing their love for their subjects onto me.

Oleg Gorlenko

Mom and Dad, thank you so much for everything; for motivating me, giving me a little push when I needed it, and many many other things (too many to list). Shout out to all the grads of 17, for amazing 4 years and we made it! Had couple downfalls but we did! And faculty of Ashbury, thanks for showing the classical life rules, which I probably would prefer not to obey, and for letting me learn one thing, to set my own bar high. Thanks for that because "If you ain't aim too high, then you aim too low!"

Scott Graham

I will boldly go where no Ashburian has gone before.

Attending The College these last 4 years have not only been a blessing but also an honour. I'd like to thank my mom and dad for loving me and helping me get through every step of the way. S/O to the Senior Men for teaching me that I can't play basketball. Excited to see Noah at Duke, Lloyd at Kentucky, Owen at "The Gonq" and Fred in the NBA. Thank you to Dr. Henrique for helping me to become bilingual in the span of 2 years. Good Luck in Israel Mel!

Whaddup Ashbury? The sky, duhh. Hot diggity, what a ride it's been! Where to start? I've been told by a lot of my female peers that I've been genetically blessed, super intelligent, and undeniably funny ever since grade 9. You know what they say, "it's lonely at the top". That's right, I'm a player. I'm logging out of the game dudes. Peace out gang.

Andrew Hanna

Thank you to my parents and grandmother for teaching me the importance of caring for others, to my teachers for their much-appreciated effort, and to my friends for the great times we spent together.

Hi everyone! Thank you so much for making my 6 years at Ashbury so great. Special thanks to my teachers for the knowledge and support, my friends for being sources of energy, laughter and inspiration, and the Baller Bitties for being such a fantastic team. Extra special thanks to Mother, Daddio and Tanio though, I wouldn't be here without you guys. Anyways, thanks again everyone, and good luck with future endeavours!

Alex Hoerdtsch

6 years at the College could not have gone by slower. S/o to the boys, from the field to the court and to the French house, thanks for the unforgettable memories. Noah, make the boys proud. Big thanks to Brian Shapiro and John Juan. Lando, Christie, IMac, EJ, Beltran and Middsy without you guys I could not have gotten through it, you are all legends! Heather, good luck kid, you have big shoes to fill. Cheers!

What a great year! Living with my grandmother has been awesome and going to Ashbury wasn't too bad either. Although I've only been here one year the memories I've made will last a lifetime and so will the tuition payments, say my parents. I can't wait to be using the logarithmic rules I've learned in math class when I'm serving customers at Tim Hortons. I hope I remember you all when I'm rich.

It was four unforgettable years blended with tears and laughter, frustration and relief, failure and success. I cannot express my gratitude enough to all the teachers and friends who enabled my progression: from a timid ELL student to a confident orator, from a follower to a leader, from a perplexed child to a determined young adult. Having set foot on the journey ahead, I bid Ashbury farewell and wish her a fabulous 125th birthday.

From grade 7 to grade 12, from Singapore to Peru, I am grateful for all the opportunities that Ashbury has provided me. I am beyond thankful for my girls and everyone that has made these past six years memorable. Ms. Raina- thank you for helping me become the person I am today. Thank you, Mom, Dad, and Alex, for your ongoing support. Best of luck to everyone as you continue on to the next chapter of your lives. The best is yet to come.

Rachel Kamel

Kylie Jenner predicted 2016 was going to be the year of "like, realizing stuff" and boy, was she right. I realized how much I missed the old schedule. Also, how lucky I've been to have such amazing people in my life. Jonathan, thank you for making your shoes impossible to fill, it motivated and discouraged me every day. Anna, thank you for being the sister I never had. Justin, thank you for being the brother I've always wanted. Mom, dad, you guys are crazy, but at least you're crazy about me. Thank you for that, I am forever grateful.

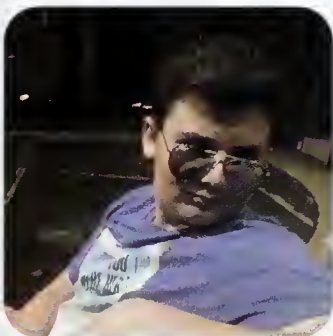

Ryosuke Kato

A huge thank you to my family who supported me even though we are far apart. Also, thank you to all the teachers, coaches, and friends who gave me amazing experiences. I'll never forget these great experiences, especially my basketball career. (10000 passes, 200 assists, 100 points.) Thank you to everyone, I'll miss Ashbury. Oh, btw I forgot to ask something: "Do we have a basketball game today?"

Attending Ashbury these past four years has been a blessing and privilege, that I have never taken for granted. Dr. Tuli, Blue Rarri and Jack Man, thank you for the moments we've shared and will continue to share. Coach, your belief and trust in me from day one has developed me to the man I am today. Mom and Dad, we did it and I thank you for your unconditional love and support for me. Jaden, enjoy it next year and Alexis, thank you for dealing with me everyday! Thank you, Ashbury, for everything you've done for me! What an amazing place to grow up. I'd like to thank all my friends who made the past 6 years so memorable, and to my parents who made everything possible. When I look back on my Ashbury days, I'll have nothing but memories of laughing in the hallways with my amazing friends, and all my dreams that came to be.

Gabrielle Lessard

Thank you Ashbury for an amazing 4 years. I would like to thank my teachers for encouraging and inspiring throughout this journey. Mom and dad, thank you for the constant support and devotion that you have given me. Rapha, thank you for being my best friend and arguably the smarter one. JS, you're the best. AWA, all you gals rock! I shall forever remember our poor judgement and impaired decisions. Boys, thanks for the sick chirps and the many giggles. Let the good times roll. Pce out Ash!

Katherine Li

Life and school are like dance. Teachers set the bar high, parents cheer you on and point the way, and friends make it all so much better. Thank you to my family and teachers for everything that they've done for me. Two unforgettable years. Congrats to the grads, and cheers to the future.

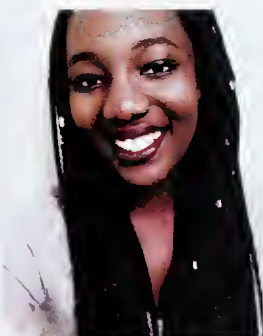

Morgan Lloyd

Thank you to my girlz, I love you all!! Teachers, thank you for encouraging me and making the last two years memorable. To my family, I could not have done it without you I'm so thankful for all your love and support! I wish everyone the best of luck in their new adventures!

All praise to God, for leading me where I am today. Maman, Daddy, Junior and Ansou, a yearbook quote is not enough to express the love and gratitude I have for you. Besties, I wouldn't trade a moment for the world. Gommer, Ms. Lewicki, thanks for always being there for me in and out of the gym/classroom. Ballers, nothing but love for you ladies, keep being great. Ashbury, I'm gonna miss the lemon pepper chicken.

Ashbury taught me many things over my five years, but what I will remember the most is how caring and supportive the community is. To the Grads of 2017, I'd like to thank you for making me feel welcome. Mom and Dad, thank you for being there for me through it all, literally. To my best friend, our friendship is something that I will cherish forever. Conrad, you're the man.

Thank you, Ashbury, for making high school unforgettable. AWA, you made school worth it. Jess, Luc, J... sushi? Milan, you got me into uni. Noah, you've been my best friend from the start. I love you guys. Gommer, it's safe to say you're my rock... KTG, I expect big things. Ms L & JGood, you kept me laughing. Em, 13 years strong. Sash, Brett, you're still ugly. It won't be easy, but keep pushing. Thank you Mom, Dad, Nana, Hank and Grammie for constantly supporting me and doing so much for me, I love and appreciate you all beyond words.

Philip Miles-Kozlowski

These past 6 years have flown by. I want to thank the boys my lifelong friends for sticking through every football game with me no matter how badly we lost. High school was a blast but it's now time to put the uniform away and wear some real clothes. And as Denzel Washington said, "Nothing in life is worthwhile unless you take risks." TM you've been around for long enough to know that some dreams are worth chasing. I want to thank my parents for encouraging and carrying me every step of the way, couldn't have done it without you.

First of all, I would like to thank my parents for giving me the opportunity to attend such an amazing school like Ashbury. To the boys of "Boost", although this is when we part our different ways, I honestly hope I can stay in touch with every single one of you. JR thank you for all the support throughout my last year of high school, no one can calm me down on test day like you do! Ashbury has taught us to always follow our dreams, but why follow your dreams when you can follow my insta @matt_mullin24.

Taija Murto

It's been a long four years of being called Tjaj - thanks Stephen. However, I'd like to thank Ashbury College for giving me the opportunity of having Gtay three years in a row. I'd also like to thank Ms Bettencourt and Ms L for making the first girls hockey team at Ashbury possible that I was honoured to be a part of. And to sum up my high school experience, as Hedley once said, I'm sorry for the nights I can't remember. Peace Ash!

Wow! I can't believe that my high school journey has come to an end. These last 2 years of high school spent at Ashbury were truly amazing. I remember being 'the new kid' in grade 11 and asking myself, "How will I ever make it through high school in a new environment?" Luckily, I managed to find a way to do so. I was blessed and fortunate to have a great support system. I would like to thank God, my parents, my family, my teachers, coaches and friends. Without them, none of this would have been possible.

Lauren Peters

Thanks to my cool teachers who didn't care when I didn't wear shoes, tie, or blazer (It's at the dry cleaners, I swear.) My AWA girls, thanks for the questionable decisions since day 1. Endless thank you's to the trio - Sarah, you can never one-up me, I'll see you next year; Bella, thanks for being my getaway driver (literally), you've got big shoes to fill. To my parents: I owe you everything. Mom - thanks for always laughing with me; Dad - it's time to hit the road.

Ashbury, thank you for keeping me on my toes for four years that went by far too quickly. Mom, Dad and Lauren, thank you for being my resident proofreaders, quizzers and motivators. I don't think I would have survived these 4 years without your help. Rachel and Anna, you guys are the PVC pipe to my high-school experience. Class of 2017, thank you for pushing me beyond my limits. I wish you the best of luck in whatever the future brings.

Firstly, I would like to kindly thank the fine institution of Ashbury College for being my nest of education over the past six years. Secondly, I would like to thank Blyth Summers and Torah High for the huge boosting of my top six. Most importantly, I would like to thank my family for everything they do for me. Les and Meredith, you have done more for me than I could ever thank you for. Cole and Tate, you did a fantastic job of keeping me in check. Lane and Neve, so many good times, far too many late-slips.

Gerardo Rios Garcia

We spend so much of our lives not saying the things we want to say, the things we should say. So now, plainly and simply, I want to thank you all for some of the best memories.

High school has been pretty great. Sure, exams are stressful and all that but thinking back, I've got lots of memories of going out with friends, lighting it up on the volleyball court, and all that top-notch banter going on in econ this year. Dahlia Shabsove

Thank you, Mom, for letting me whine about my stressors, and dad, for the laughs that distracted me from them. Thank you, teachers, for creating them - it didn't make me better, but definitely sparked my appreciation for sad music and coping strategies. To all the people that made my high school experience as amazing as it was, I love you guys. Jane, thanks for consistently proving that the best things come in small packages. Lastly, to my AWAs - keep up the hunt.

Ashwin Sharma

Crazy to think how quickly the past 9 years at Ashbury have passed. Thank you to my teachers for helping me get where I am. To my friends, thanks for having my back. Most of all, thank you to my parents for giving me all the opportunities I've had and for all the support, love you both. Devan, I'll miss you and enjoy high school, it goes by fast. Coming to Ashbury was certainly one of the best decisions I have made. I want to thank my parents for giving me the opportunity to study at Ashbury and my brother and Krisi for helping me get through everything. I also want to thank my friends for making this an unforgettable experience! Boarding has definitely been a life-changing adventure and I would like to express my gratitude to Ms. L, Mme Mitra and all the other staff members for the endless support!

I've come to realize that if you have a dream, then chase it, make it real, and never let it go. Thanks to my friends for the kindness they've shown me when I needed them the most. Thanks to my parents for the support through the seemingly endless nights of work. And of course: thank you for everything Ashbury! The more difficult it is to reach the destination, the more you'll remember the journey: you came into my life as a story, and left as a legend.

Maxwell Thompson

Being a part of Ashbury's community has given me an unforgettable experience here at the college. Whether I was sniping genos on the ice or smacking fatties on the diamond, I always felt humbled by the people I could call team mates. Thank you mom and dad.

I cannot put into words how grateful I am to my parents for providing me with the opportunity of attending Ashbury for the past six years. Jamie, you have made me proud to be your sister. Ashbury, thank you for all that you have given me – WAF, fhockey, vball (sorta), and of course, ruggerz (tanks for being my second family). Thanks AWA for all the laughs. Simon, thanks for always doing my homework. Gab, good luck next year! Don't take IB functions. Peace, Ash!

Anna von Finckenstein

Ashbury consisted of inappropriate amounts of laughter at inappropriate times. Thank you to everyone who held back laughter with me when we shouldn't have been smiling, who never took life so seriously and to Rachel and Justin, my worst enemies who motivated me to be better than them. Mom and Dad, I owe you everything, thank you. Mims and Tommy, thanks for setting the bar low. Was not hard to impress people. Ella, you're 12, this is a phase. Philip, good luck getting into Ashbury.

Amy Wang

I have spent my amazing four years in Ashbury college. When I leave the school, I could say I have learned a lot and changed a lot. Life is like a piece of art work. We all create our own picture from all the troubles, hardships and challenges that we have to face. And I do believe that if you keep trying hard, nothing is impossible. Never say never.

Karina Wang

There are so many people to thank for making these 6 years at Ashbury and over 810 hours in commute all worth it. My gal pals AWA, thank you for the endless chats and laughs. To my teachers and coaches, thank you for pushing me -always in the right direction. To my teammates (ruggerz + fockey + vball) you were my family. To my real family, there's no way to sum up how much you've supported me in my education and how much I love you! To the IB... no words.

Lauren Wang

Pei Wang

Since I first came here 3 years ago, Ashbury has been such a supportive community. It's hard to believe how much I've been through with the amazing teachers and friends around me: IB, boarding, S.P.A.D.E... 3 years later now, with all these memories of joys and challenges, I am more prepared than ever to start a new chapter of my life. Thank you Ashbury.

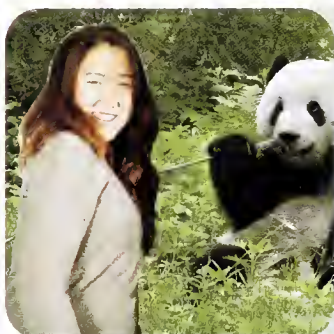

Samuel West

My Ashbury experience cannot be quantified with grades and test scores. Doing so would overlook the people I've met, the lessons I've learned, and the absolutely irreplaceable memories I've made with my friends. Most were spontaneous, many were hopelessly brief, and not all were unequivocally happy. But these are the moments that have made all the difference. I will greatly miss the people I made them with, and always treasure the place they came from.

Chloe Wong

I'm really glad I came to Ashbury, it has honestly been one of the best choices I've ever made. It gave me great memories, and an amazing group of friends which I have made unforgettable memories with! Time passed by so quickly and now we're all graduating. Although I am excited for what the future has instored for me, I'm definitely going to miss my time here. Also, does this count for CAS?

I have to say Ashbury, it's been a tough four years, but I've made some pretty incredible memories along the way. I'd like to thank all of the teachers who helped me succeed not only in academics, but in tennis and track and field too! To the girlz...we made it! Sleep may not have been a priority, but the laughs over everyone's lack of sleep were unforgettable. Good luck KZ and MZ in the years to come!

ALEXANDER

It's your story.

Alexander House once again brought home a victory, and for the third year in a row won the Wilson shield. We started out strong with our athletes dominating the house run (shoutout to Hugh, Graham and Sam, the senior boys who tied for first). We kept our foot on the gas throughout the year and we were rewarded with multiple first place finishes in various House competitions. Alexander House really proved that when you're under our roof, you play by our rules, as our team's dedication and enthusiasm set the stage for the house competitions and relays. During the winter carnival, we exposed the other houses by winning with ease in the relay, and maintained that winning momentum until the end of the year. We finished the year with an amazing House Skit, where A House rilled up the crowd of students and staff with hilarious and unapologetic humour. A House would like to give a big thanks to Mr. Landon for helping us maintain our winning streak over the last couple years, and we are looking forward to working with our new house master: Mr. McCready.

Finally, a huge welcome and thanks to all of those who joined our yellow A House army this year and for the other houses, well, have fun fighting for 2nd place.

CONNAUGHT

Connaught gives you wings.

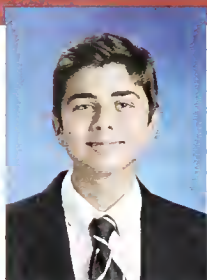

It all started 4 years ago, where a jello eating contest brought the two of us together. We won that house event and we've been great friends ever since. The House system brought people closer, it formed many friendships and created many unforgettable memories. We didn't think that one day we would be your house captains but it did, and we had a blast of a year, representing you and being the heart of a beating red C-House.

Although we didn't come out on top as this year's house champs, the amount of spirit that crowded Ashbury counted more than our successes.

None of this would have happened without your trust and your vote, so thank you. We thank you for giving us an incredible year and we hope that we did the same to all of you as well. We're sad to leave such a wonderful experience behind and we wish the best of luck to Emma and Andreas as next year's captains.

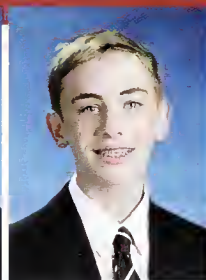

Your House Captains, Kaz and Emma

NEW

Green is the new black.

Ashbury -

We would like to thank you for providing some friendly competition, and some exciting showdowns! Without Alexander, Connaught and Woollcombe house, the school would not be the same, beautiful place.

New House -

Thank you for voting us in as your 2016-2017 House co-Captains! We loved being able to represent you this past year. We thank you immensely for being engaged and excited throughout the year. Good luck next year!!

Noa and Viet -

We wish you the best of luck next year in the house competition, but remind you that being a house captain is so much more than that. Have fun with this position, encourage others to get involved, and cheer loudly. Being a house captain was a truly unique experience! We hope you enjoy the position, and learn as much as we did.

Best of luck, Tommy and Kara

WOOLLCOMBE

Woollcombe by birth
Winners by instinct
United by choice

Woollcombe took a major step forward this past year proving that the "underdog" title has officially been erased from memory. From the beginning of the year Woollcombe was successful and was in the hunt for the house cup. Even though there were some setbacks, the perseverance and teamwork of the house was evident in every single way. With new friendships and bonds made, we were able to compete with Connaught and Alexander House and finish a strong 2nd place. From the House Run to the Spring Carnival, the spirit of the house was never questioned and we proved ourselves with the final relay, coming in first place and surrounded by cheers from our united House. We may not have won every competition, but what we took away was much greater and we could not be happier with how the year went.

"We knew what we were up against, but were going to go down fighting. Hopefully people back home remember that we got this far. We've got nothing to be ashamed about." (John Atkinson)

Blazer Magazine saw a number changes in the 2016-2017 school year with a new approach to design and many new artists, poets, illustrators, writers, and photographers joining our team. Our double issue, The Tradition Edition, was released at the Ashbury Art Show and featured 'un-traditional' submissions and colouring book-style illustrations. The written submissions explored how traditions can range from the personal to the universal and students posed thought-provoking questions, like whether traditions have potential expiry dates. We would like to highlight the work of our graduating editors: Jane, Duncan, and Sarah. We are in awe of their dedication and hard work and we hope that they continue to inspire and be inspired. We would also like to thank all of our contributors and all of our readers who remain committed to the publication.

Community Engagement

This year, the Community Engagement Prefects and their committee assisted in numerous initiatives. The team's portfolio ranged from being volunteers at Homecoming to presenting on the importance of community service. Through the development of a new system to keep track of Dress Down Days and careful planning of, participation and funds raised nearly doubled.

The Duke of Ed group was only able to make it out on one adventurous journey this year, but what a trip we had! A 5 day, 4-night trip which included 4 days out in the Canadian Wilderness on Dog sleds. The temperatures were cold, but the students stayed warm by feeding and playing with the puppies. We will be heading out again in February 2018 if you're interested in joining us on a "truly Canadian" adventure.

Community Service

Ashbury students can often be seen volunteering around the community. It's all part of the spirit of community service that Ashbury strives to instill in all its students. So far, Ashbury students have dedicated over 32 thousand hours to the community, engaging in opportunities to work with disadvantaged youth, bring joy to those at retirement centres, help out at local events, fundraise, and more. Through events like the Ottawa Race Weekend, Monte Carlo, and monthly Dress Down Days, Ashbury has raised tens of thousands of dollars for both local and international charitable causes. One of the donation receptors was Ashbury's Refugee Sponsorship Initiative, which this year saw the safe arrival and happy settlement of the al Kaoud family in Ottawa. Thank you to all those in the Ashbury community who helped make this initiative successful!

Countless student-led initiatives also took place throughout the course of the year, such as the Students Teaching Students program, Angels with Backpacks initiative, and Ashbury's participation in the Youth Services Bureau's Sleep out for Youth event. A huge thank you to the organizers and participants of the respective events for their contributions to the spirit of community service at Ashbury!

102 Four Ashbury students travelled to Louiselund School in Germany for the 2016 Round Square International Conference. The theme of the conference was The Journey that Makes Us. This theme considered the adventure life presents us and the growth, learning and personal development we undertake in our lifetimes. Students took part in group discussions, workshops, cultural visits, service and adventure activities, centered around this theme. The keynote speakers included polar explorer Ben Saunders, journalist Souad Mekhennet, and Syrian refugee Saria Samakie. Students worked together in workshops, known as Barraza Groups, to explore relevant issues and unpack key themes raised by the speakers. It was an enriching, life-changing experience for Ashbury students!

Round Square in Germany

IB Theatre in London

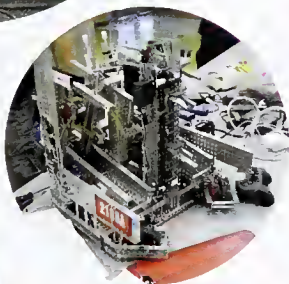

Six Ashbury students headed out to London, UK for a drama/theatre trip. While there, they visited countless tourist attractions including Big Ben, Buckingham Palace, the Globe theatre, Drury Lane theatre, and many more. As well as sightseeing, the group also took part in the ISTA-Taps International Baccalaureate Theatre Conference. In the conference, they benefitted from amazing workshops conducted by theatre experts in order to learn tips and tricks to help them 'survive' IB Drama. The students made friends from around the world and learnt a lot about theatre performance, directing and theory. This included going to see a couple of plays in theatres across the city and were even able to see the musical 'Wicked'. It was an amazing trip and the group will always have amazing memories!

In November, 14 history buffs visited many of the battlefields that shaped the outcomes of the two world wars. Starting in Belgium with a memorable stop in Ypres, where we witnessed the Last Post Ceremony at the Menin Gate, paying tribute to former Ashbury student D.V. Ritchie, we continued into Northern France where we participated in a Remembrance Day Ceremony at Beaumont-Hamel (Battle of the Somme) and paid homage to many fallen Canadians at the Vimy Ridge Memorial. We then headed south to the Normandy Region to see many of the iconic WWII, D-Day beaches including Omaha and Juno.

Remembrance Day in Europe

Robotics

The Ashbury Robotics team had a very successful year in VEX Robotics. This year's challenge, "Starstruck", centered around star-shaped objects and pillow-like cubes that had to be thrown/dumped across an 18"-24" fence. The robots also could hang on a bar for extra points at the end of the game. The alliance with the most points wins the match. Ashbury had four teams that competed at the Ottawa Regional, hosted by Longfields-Davidson Heights SS. One of our teams, Team Alpha, won the regional and qualified for Provincials where they made a solid showing. All of our robotics students were challenged, gained skills and grew as robotic enthusiasts.

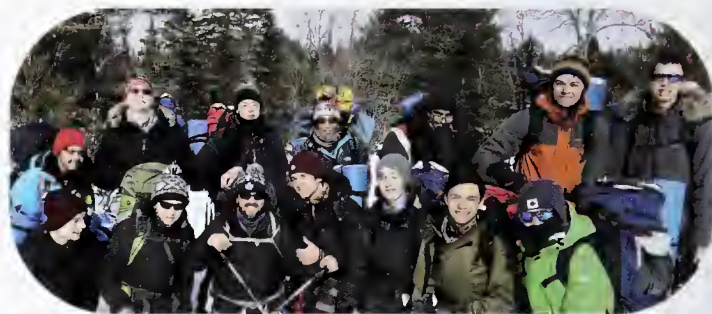

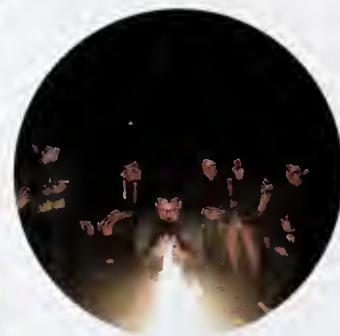

This year, members of Ashbury's MUN club took part in many new experiences. Club members were able to participate and learn through attending a number of conferences, ranging from Montreal to New York. As well, numerous simulations were held in-schools and locally, including a presentation to the entire school on International Day. It's safe to say that Model UN was a great and fun learning experience for all!

MUN Trips

Outdoor Adventure Club

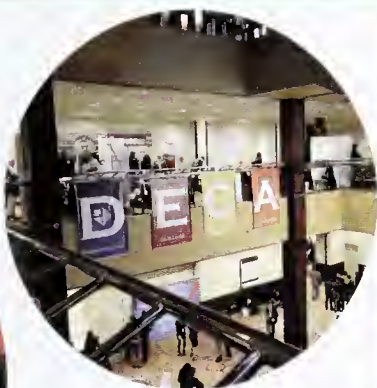

The Outdoor Adventure Club is designed to offer wilderness based experiences to push students outside their comfort zones. It allows them to disconnect from the virtual world they regularly live in and reconnect with the natural world all around them. Experiences are offered by term, and include weekly skill-building sessions that culminate in a multi-day trip at the end of each session. The club runs year round, allowing students to get out and explore the beauty of the outdoors, in all types of weather conditions.

Ashbury's Debate and Speech club aims to give students opportunities to practice essential public speaking skills and engage in vivid debates. Through weekly meetings and occasional trips to competitions outside of school, members were able to improve and perfect their skills. This year, students were given the opportunity to debate and present speeches at a variety of events, ranging from a tournament at a local high school to competitions in Toronto.

Debate and Speech

DECA

DECA challenges its members to develop confidence, leadership abilities, and new skills. Through the multiple training sessions over the year and the chance to test experiences through the regional written contest and the culminating trip to Toronto for finals, every member of the DECA team can safely say that they were empowered by the new skills they learned this year. We also had plenty of fun travelling and shopping with friends!

From April 26 to 29, a delegation of four Ashbury student leaders travelled to Toronto to attend the 2017 CAIS National Student Leadership Conference. Ashbury's students were some of over 130 other high school students from across Canada. Students participated in a variety of activities and heard a number of speeches centering around the primary theme of the conference, "find your roots". A big thank you to those who organized the event!

CAIS Leadership

Service Trip to Peru

Twenty Ashbury students embarked upon a sixteen hour journey to Peru on March 10th. Landing in Cusco to spend 11 days exploring the region through the eye's of the Incans. Students worked with Projects Abroad volunteering at local schools, assisting with a dental campaign and helping an archeologist while touring various sites. From Saqsayhuman to Ollantaytambo to Machu Picchu and all the places in between, everyone enjoyed being immersed in the Peruvian culture learning Spanish, Salsa, ceramics, and much more. To read more about our adventure please go to our travel blog: bit.ly/ACPeru2017

Thirty-one Asbury students travelled to South Africa in March for a skill-building rugby trip that combined history, education and international engagement. With visits to both Cape Town and Johannesburg, the trip incorporated sightseeing—including a tour of Robben Island, where Nelson Mandela was imprisoned—a safari, and excursions to the townships of Soweto and Langa, where Ashbury players engaged with local students on the pitch. Students from the trip will tell you the greatest experiences and many will say it was life changing and humbling to work with students who had nothing, including shoes, but were still so enthusiastic to come out and participate.

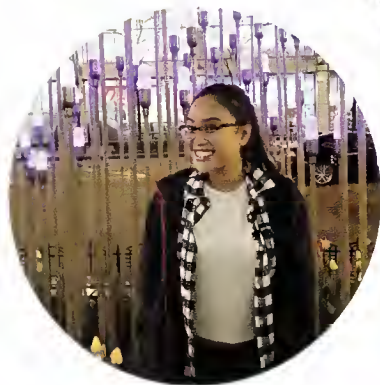

Boys Rugby in South Africa

Urban American Washington

The Washington trip was a living lesson, The Library of Congress was a portal to the rest of the world, where each book and decoration tell its own story. American history is painted on the ceiling of the Capitol Hill and Lincoln's presidential box at Ford's theatre remains untouched. At the Holocaust Museum, the sufferings of a shameful past are shared. At Arlington National Cemetery, evidence of sacrifice is everywhere. Monuments to Martin Luther King, Thomas Jefferson, Lincoln, and Roosevelt reveal the evolution of American democracy regardless of the times.

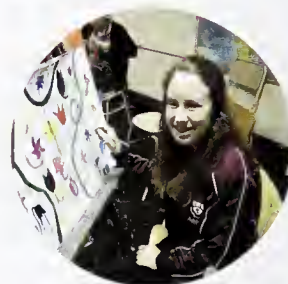

This year, SMART (Students Modelling and Researching a Topic) researched the unique protein Lamin and the effects of one of its mutations. Through the mentorship of Hana Nicholas and Dr. Tesson, members were able to learn about Lamin and its associated proteins and explore the cutting edge of biology. All the team's learnings culminated in a trip to the Experimental Biology conference in Chicago, IL, where the team presented their knowledge to passers-by and other students.

SMART Team

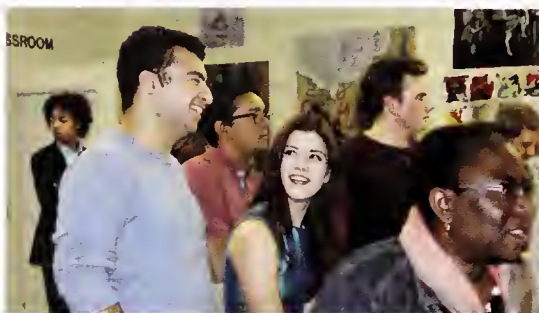

Round Square Argentina

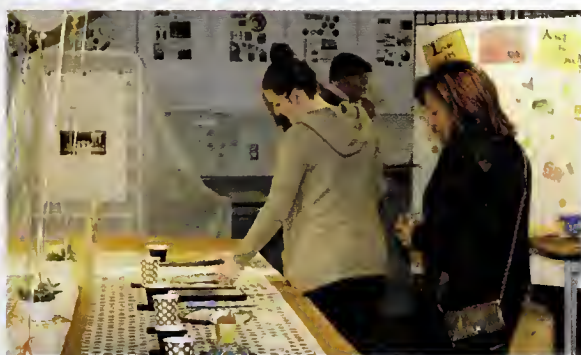

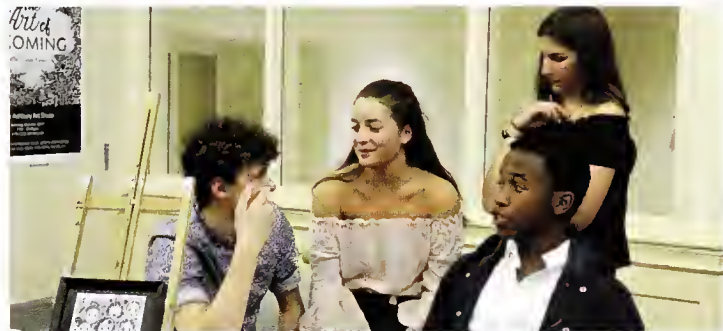

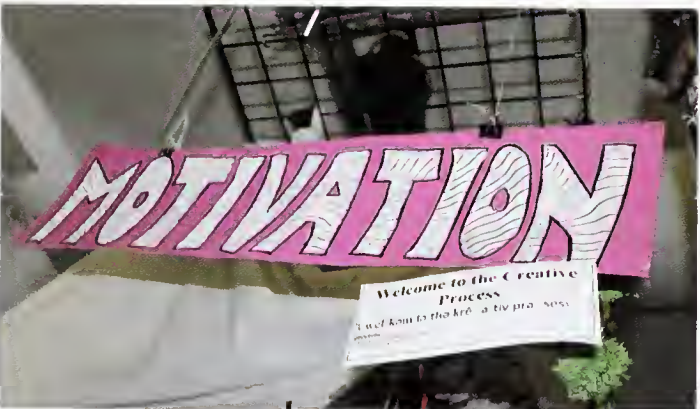

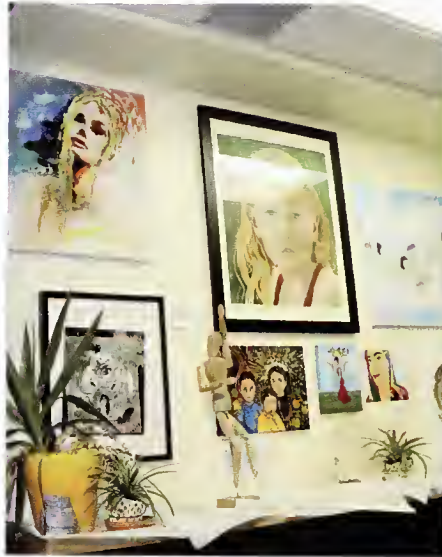

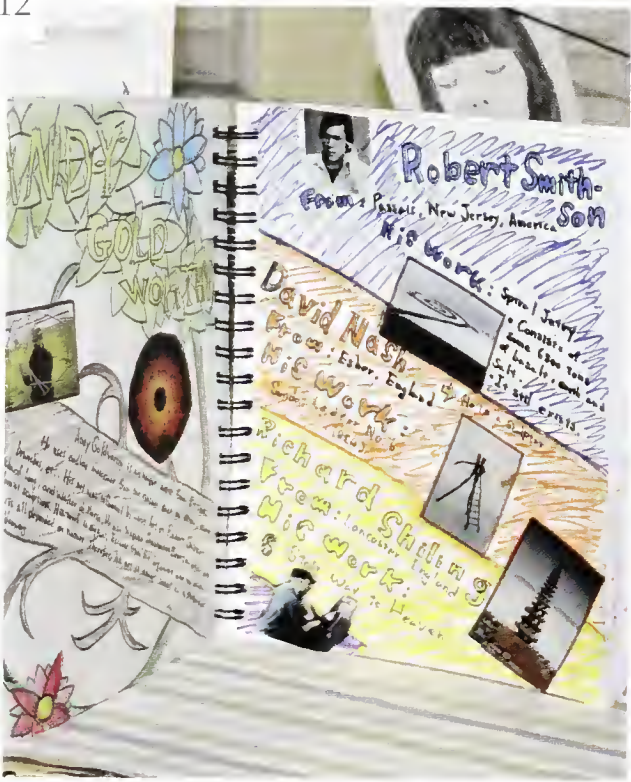

From April 18–26, six students (Moly Skvorak, Neola Duthie, Anne Lavalley, Valentin Baumann, Maanas Vankalapati, and Keeley Baizana), Mr. Lackey, and Ms. Lubczynski, travelled to Buenos Aires, Argentina to take part in the Round Square Regional Conference for the Americas, 2017. The conference was centered around the Round Square IDEALS and was held under the theme of "Embrace the Opportunity". The Ashbury students truly embraced their surroundings and became immersed in every opportunity this conference offered. Highlights include building houses for the less fortunate, exploring the beautiful city, and staying with host families in order to get a true sense of Argentinian culture.

Tracy Duggan

After teaching for 25 years Tracy Duggan has retired. She is presently known as a biology teacher and over the years she has taught chemistry, physical education, environmental systems and even grade 8 science. Throughout her time at Ashbury, Ms. Duggan was very involved in the sports program. She moved the field hockey program from a club team to a popular varsity sport for girls. In her quarter century at Ashbury, she also coached both junior and senior basketball, cross country running, track & field and badminton. Ms. Duggan embraced the spirit of Halloween and enjoyed dressing up with her colleagues. One of her favorite costumes was Sherry Potter, Harry's feminist sister. Ms. Duggan loved skiing and she managed Friday night skiing for over a decade and chaperoned several memorable trips to Mont. Ste. Anne and Le Massif. The following is a comment written to Ms. Duggan from one of the parents: 'Our Ashbury experience would not have been the same without your kindness, wit and wisdom - and your patience!'

Danielle Mitra

Danielle has been a teacher for 25 years in total, however, she discovered her passion for boarding 22 years ago. Her love of working with children and young adults has always been very evident, mostly by her laughter echoing through the hallways. In the past 12 years as Director of Residential Life at Ashbury College, she has made it her mission to make every boarder feel like they have a home away from home. During her interview for this position, she was asked by a boarder on the interviewing panel, "How are you going to change the fact that boarders feel like second class citizens?" This sentence has been her compass and guide for all the decisions she has had to make. Her master's degree in counselling facilitated the many conversations, and her values of inclusivity have always permeated her actions. She taught in French for many years, and although she has not been teaching for 6 years, she still loves to tutor in French. She has been the Director of School Life, with a character centered process as her approach to discipline, was the Woollcombe Housemaster, and most recently created an open doors club for GLBTQ+ youth, as well as taking charge of the Homestay program. She instilled a sense of pride in how we do boarding at Ashbury and has a very loyal residential team who respects her tremendously. Wishing you all the best with your wedding and move to Perth!

This year's Yearbook team worked tirelessly throughout the year and beyond, putting in countless hours of work to put together this year's Yearbook. Shoutout to Mason and Sophie for being two awesome co-editors. Good luck to Sophie next year, who is moving on and upwards to university! Another big thank you goes to Mr. Reid, Ms. Bettencourt and Ms. Huang for being the staff advisors this year, helping the team with whatever needed getting done. We look forward to yet another great year next year!

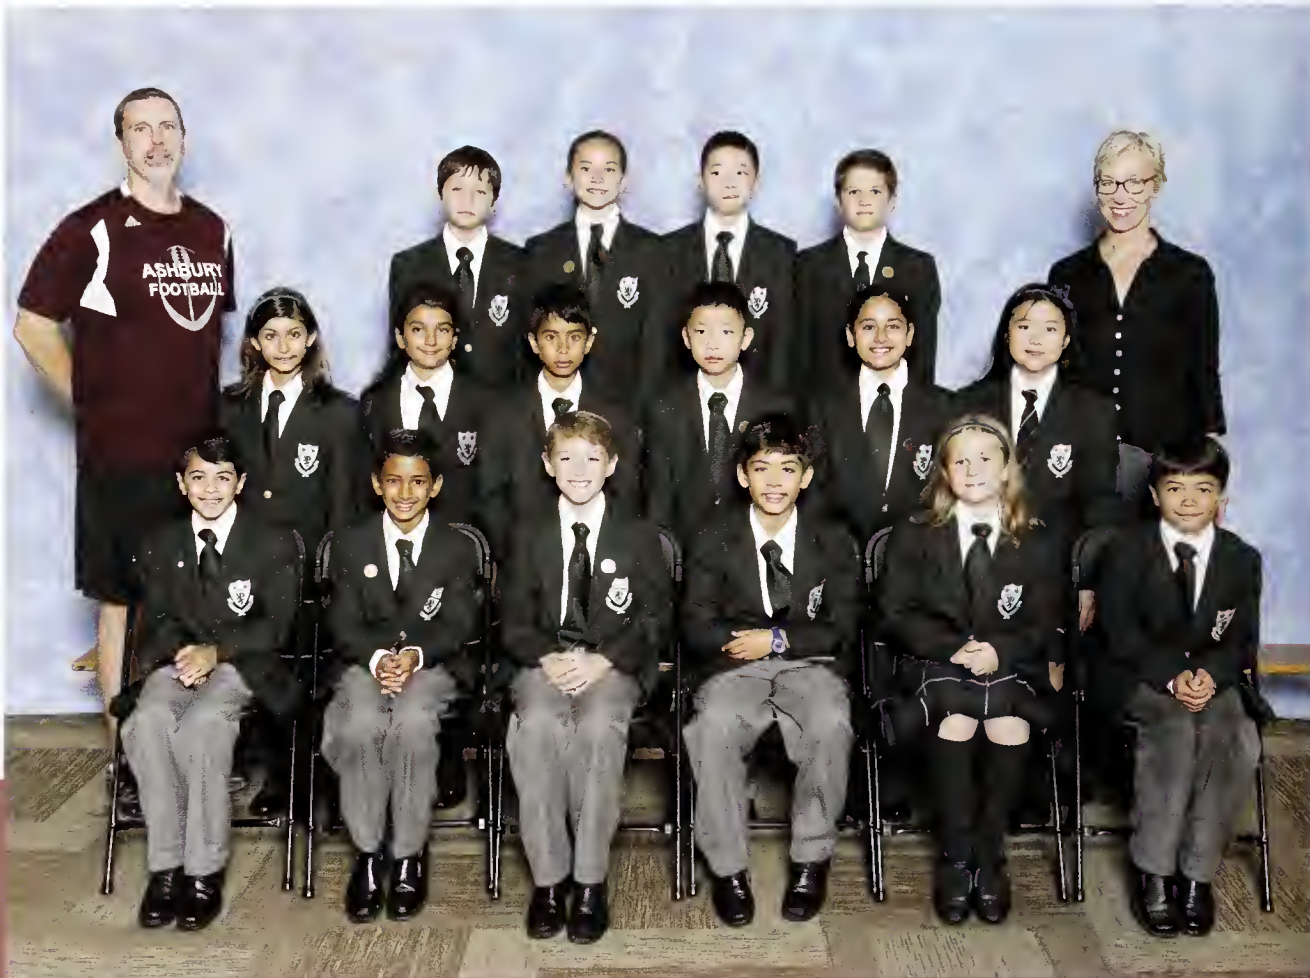

A special thanks to those who helped out near the end of the year, despite not being a part of the Yearbook team!

First Week

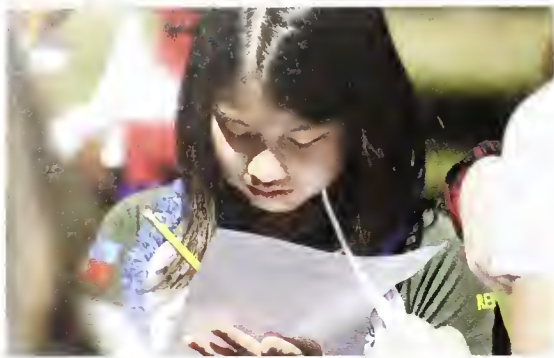

New Ashbury students received a very warm welcome from student leaders. Everyone soon got to know one another better through fun games and a delicious BBQ.

**Nice hats
Gr. 8s!**

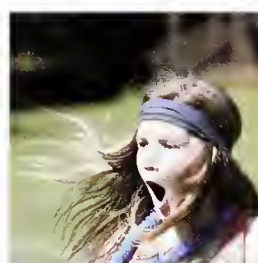

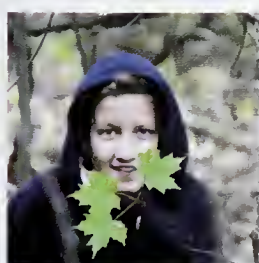

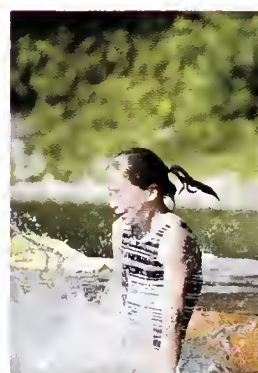

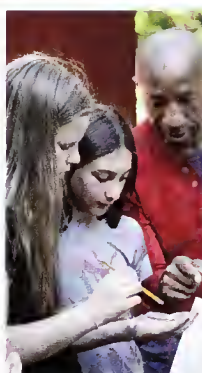

Camp Otterdale

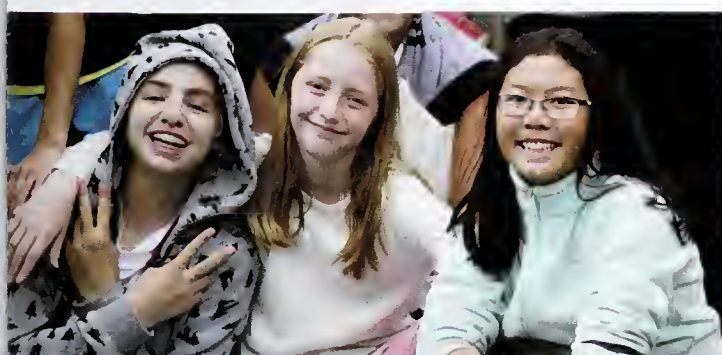

Grade 7s got to know one another better in addition to honing their leadership skills. The Captain and his team led us in lots of fun camp activities. A highlight was of course the early morning Polar Bear Swim!

Fun Times!

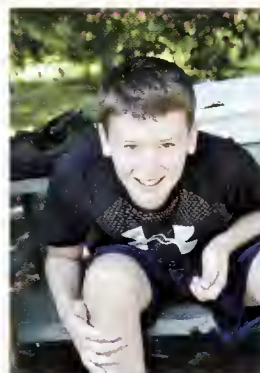

Camp Smitty...4/5/6

Camp Smitty provided a chance for Grade 6s to demonstrate leadership in the POD. All Grade 4/5/6 students had the chance to participate in several games and challenges that helped us to become a better team.

Slow and steady!

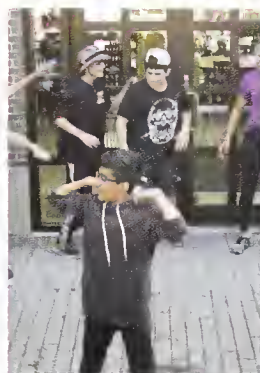

Gr. 8 Leaders

Grade 8s participated in several activities that honed their leadership skills. They spent a day at Christie Lake Camp and another Day of Giving where they gave back to the community.

I've got your back!

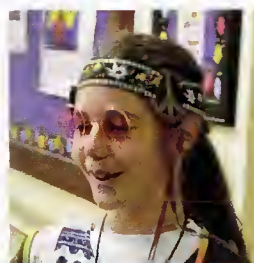

Halloween

Twin Hugs XO

Ashbury students are very enthusiastic when it comes to dressing up. It's a chance to shed our uniforms and express our fabulous creativity and great sense of humour!

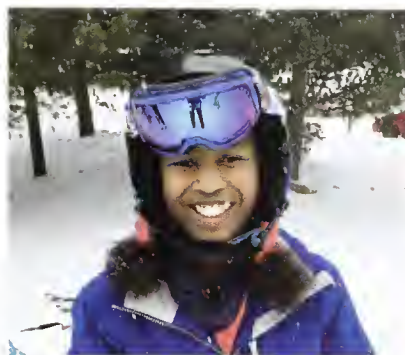

Boo!

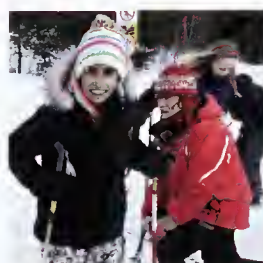

Saint Donat

Les 7e années ont voyagé à St.-Donat, Québec afin de vivre la culture de la belle province. Ils ont chanté, mangé, joué dehors et surtout ils ont parlé en français. Une très belle expérience!

Des jeunes noctambules!

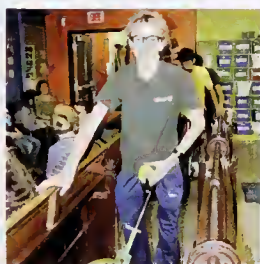

Ville de Québec

Les 8e années ont vécu un beau séjour dans la belle province. Ils ont découvert différents aspects de la culture québécoise et ils ont appris un peu sur l'histoire de la ville de Québec aussi.

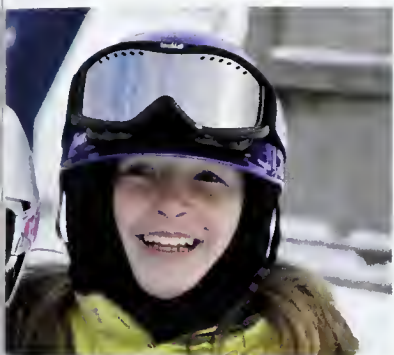

Ne regardez pas en-bas!

Winter Wonders

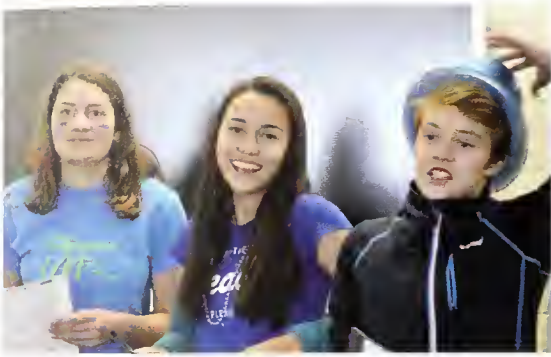

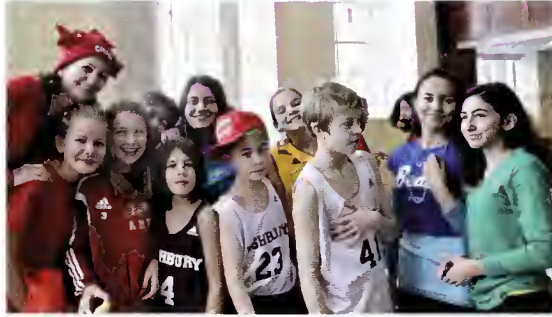

Winter is one thing that we have a lot of in Ottawa so we might as well make the most of it! Ashburians do enjoy getting out and having lots of fun in the snow. Cold weather doesn't scare us!

**Woohoo!
I did it!**

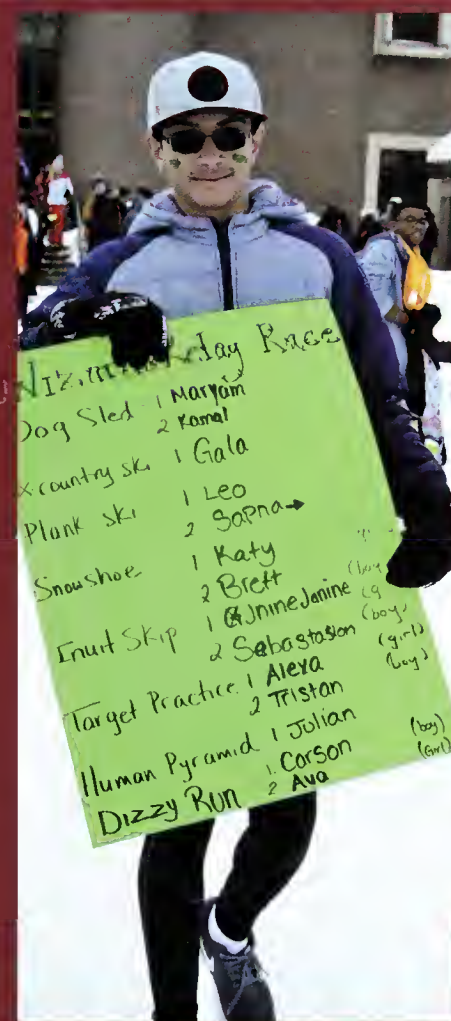

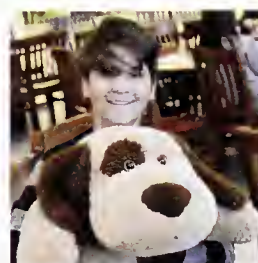

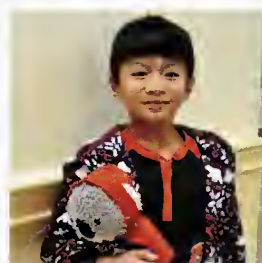

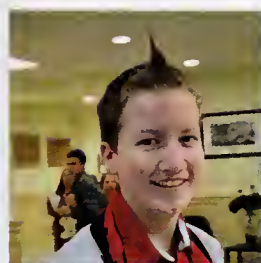

Spirit Week

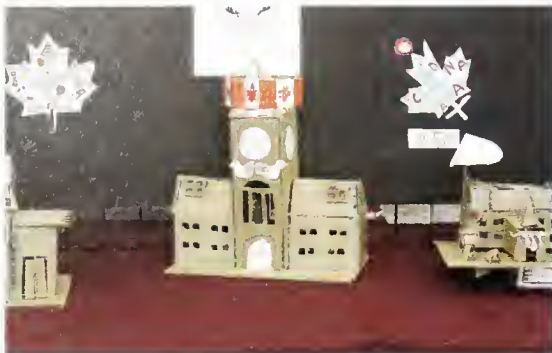

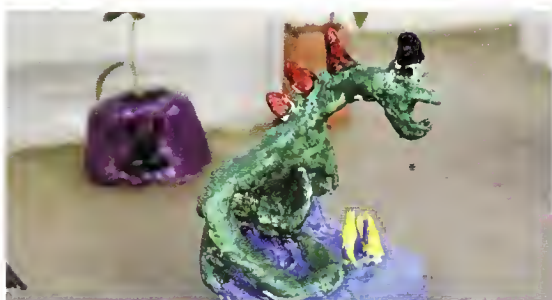

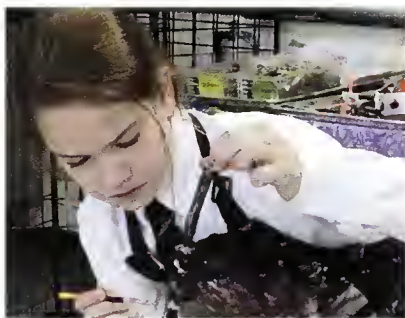

To get us through the last part of winter, we enjoy letting loose and having some fun in Spirit Week. The House Captains treated us this year to Pyjama Day, Sports Day, Wacky Wednesday, and House Colour Day/Winter Carnival.

House Captains Rock!

Ocean – Chantalia Fevier-President
 I see the bright blue sky reflecting on the glistening waves,
 rising from upon the waters surface
 I smell the salty ocean air blowing towards me
 I feel the blue sea water splashing up against my skin
 moving between my feet and rising to my fingertips
 I hear the waves crashing against the dry sand on the
 water's edge
 I taste the ocean air as it hits my tongue as it leaves the
 slightest bit of saltiness

Where I am from – Kiran

I am from popcorn, from kernels and mad dog
 I am from the cozy house down the road
 I am from the birch tree and the snow
 I am from skiing, and amusement, from Sanjay,
 Colleen and Vipinchandra
 I am from the yelling and lecturing
 I am from the don't step on the books and you are in
 charge
 I am from Gujarat and cucumber's à la dad
 I am from Vipul and the bb gun and the TV
 I am from my grand mothers bookshelf in the left side
 of her bedroom on 12 Cowen ave.

Formidable!

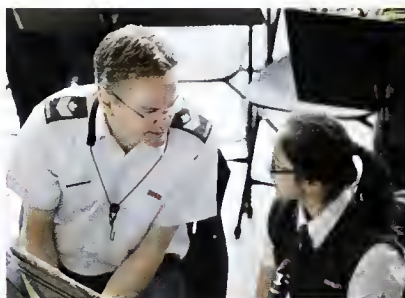

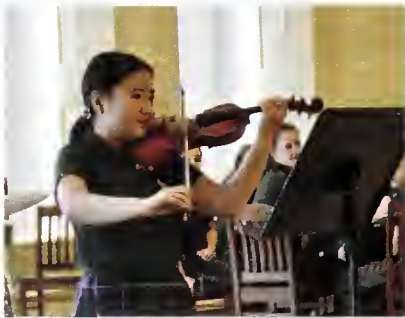

Peace is green,
 It sounds like birds gently awakening you in the morning
 It feels like the warmth of entering your home after a cold walk
 outside
 It smells like a bonfire on an autumn day
 It tastes like the fresh air in a prairie on a spring day

Life
 Life has been a straight road for me,
 It curves from side to side,
 There are sticks and stones
 in the way,
 But I keep movin on.
 Sometimes the road straightens out but only for a short
 time,
 It may be hard to walk sometimes but I keep movin on.
 A stream might stop the path sometimes but I still go on,
 Even mountains block the way,
 But I keep movin on.

Lights and Colours in the Sky

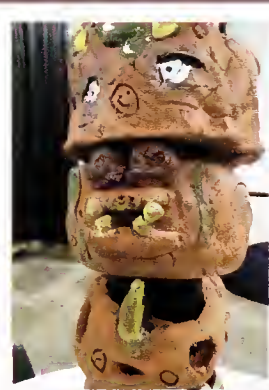

One by one
 The soldiers line up
 I anxiously watch them board the ship
 I clutch on to my father tightly, afraid to let him go

The lights in the sky
 The fear in my eyes
 I stand here hurting and alone
 Hoping my father will come home

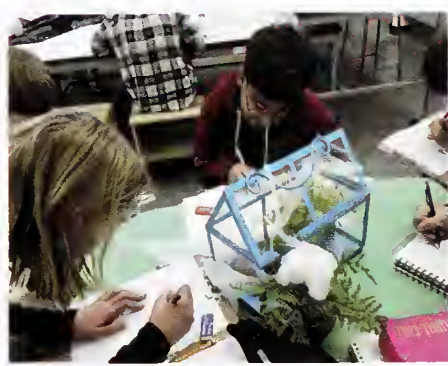

Days and days pass
 My family says to forget
 "We will always hold on to the memories" they say
 I have hope and continue to pray for the day!

Years pass by
 The bright lights and colours in the sky
 With no more fear in my eyes
 I stand here looking with sheer surprise

Art Attack!

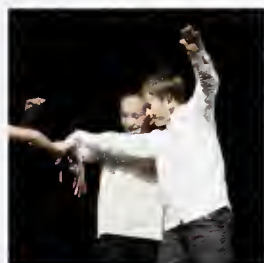

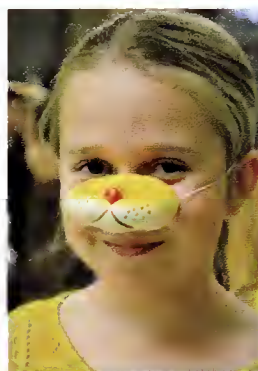

Speak Up!

Junior School students have ample opportunity to have their voices heard and to practice presenting in public. Whether it is in drama presentations, poetry recitations or speech showcases, our students always wow the crowd!

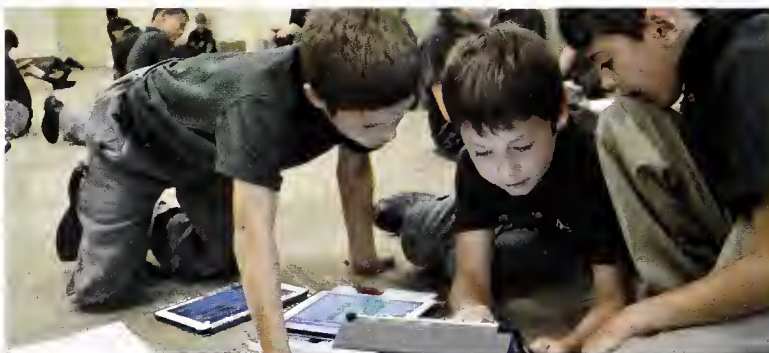

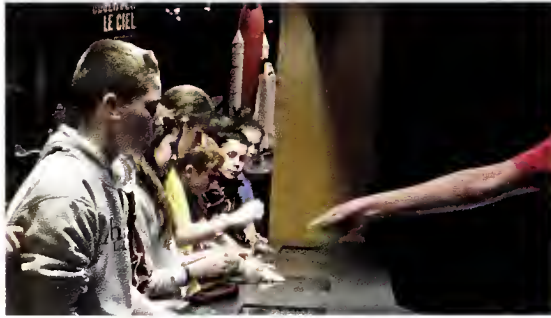

Poets of Ashbury

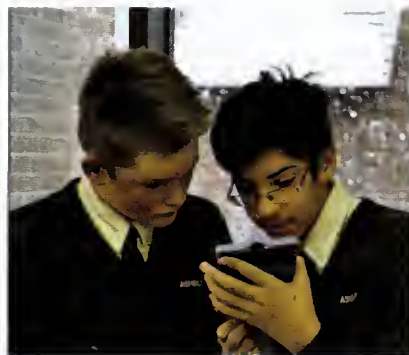

Ladies and gentlemen...

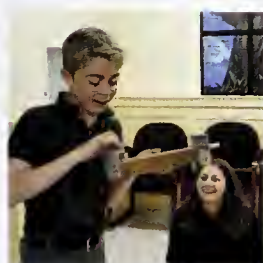

Science & Tech

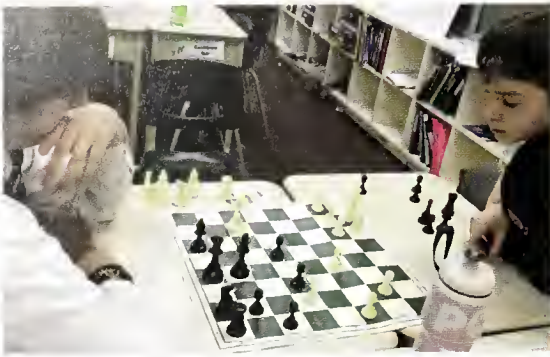

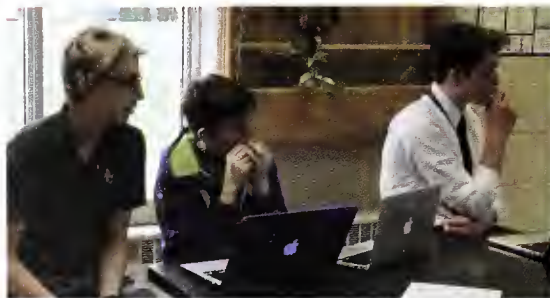

Science is a real passion here in the Junior School. Our team of science teachers is always coming up with fun and engaging challenges for us to solve. We enjoy collaborating and using our creativity to come up with solutions.

Here goes nothing!

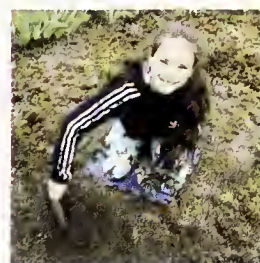

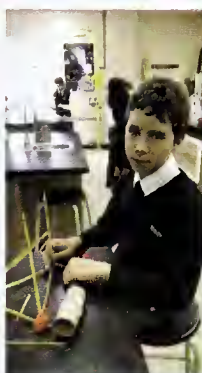

Clubs

Our dedicated Junior School teachers and volunteers love sharing their passions with students through clubs. Students can choose from art, chess, world issues, running, science, creative writing, LEGO, business, French, green, laugh while you craft, dungeons and dragons, chorale, Mandarin, musical, and much more!

Virtual reality is cool!

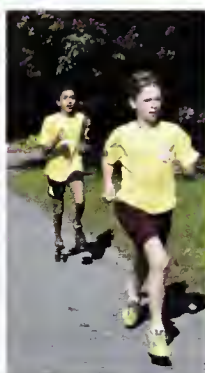

Houses

Throughout the school year, students have the chance to participate in house competitions in order to help their house win the coveted Pitfield Shield. This year, the Dragons reigned supreme!

The Champions?
Dragons!

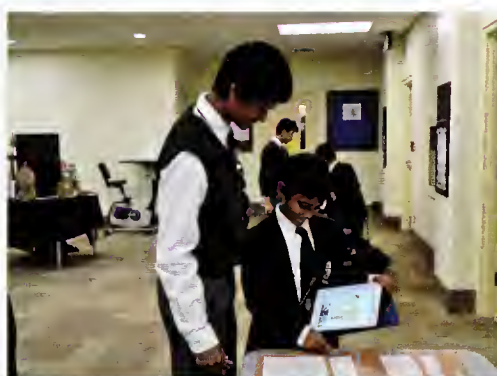

Junior School Leaders

The Junior School House Captains take their leadership role seriously. They are always around to lend a hand, lead an initiative, present at assembly, and help us let loose in fun ways.

**It feels good
to lend a hand!**

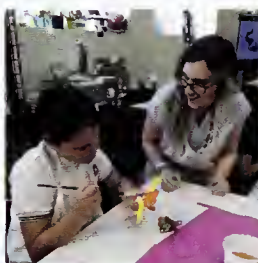

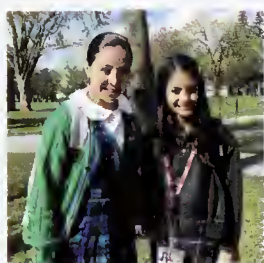

Celebrate Diversity

Internationalism is an important priority at Ashbury. Celebrating our origins on International Day is a highlight of our year. We also enjoy connecting with other cultures as part of the Discovery Exchange and Round Square Trips.

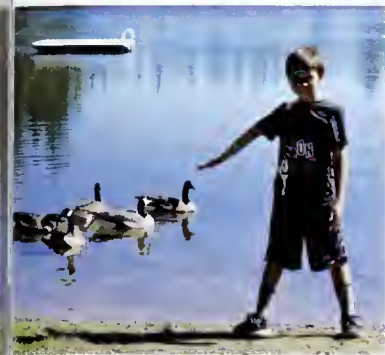

What are your family roots?

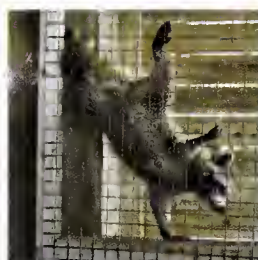

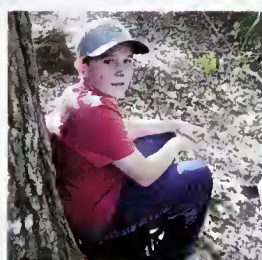

Earth Studies

Junior School students have the great privilege of travelling regularly to Earth Studies in Ladysmith, QC. We learn about rescued wild animals and how to have fun and stay safe in the great outdoors.

Can you see me?

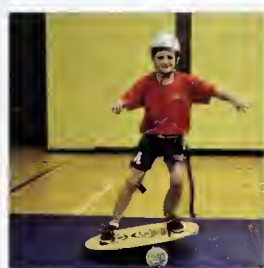

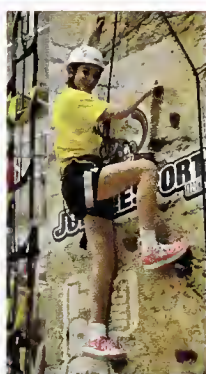

Spring Sports

Spring sports started with some awesome Jungle Sport adventures and then we headed out to enjoy the sun. We played ultimate frisbee, flag rugby, volleyball, and basketball. All lots of fun!

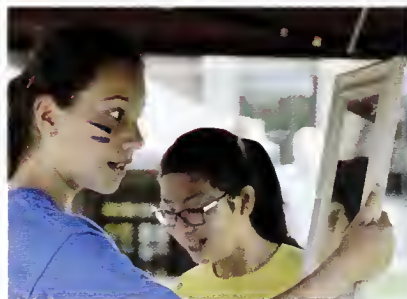

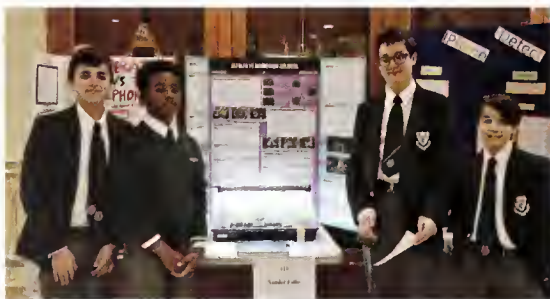

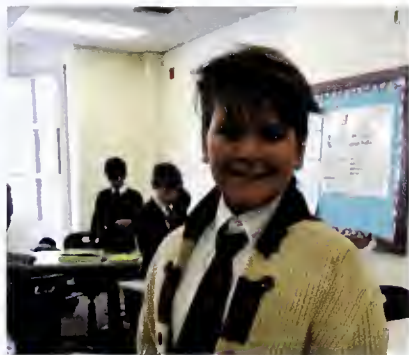

I'm upside down, Eeeek!!!

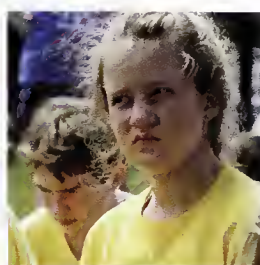

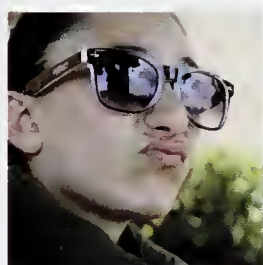

Grade 7 Candid

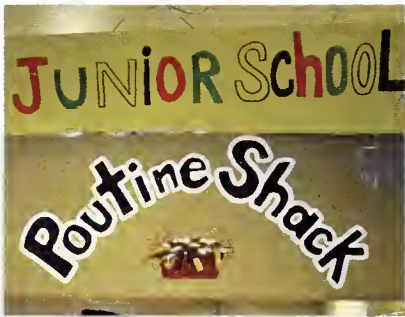

Grade 7s come together in September as strangers and they end the year as a cohesive group. Through new activities, new challenges, and new relationships, we help each other to grow in so many ways.

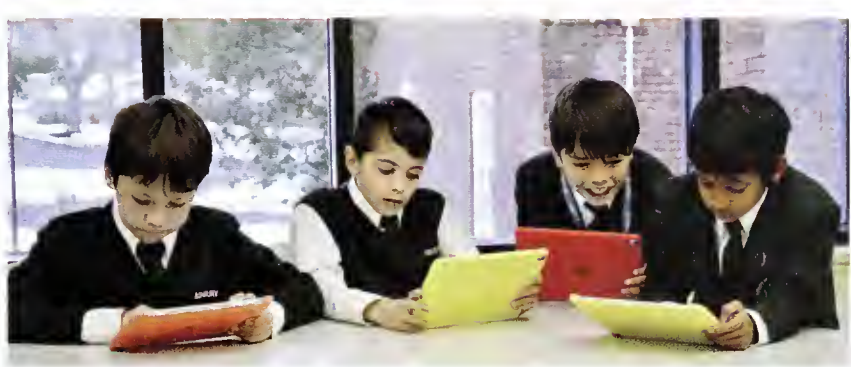

Growing together!

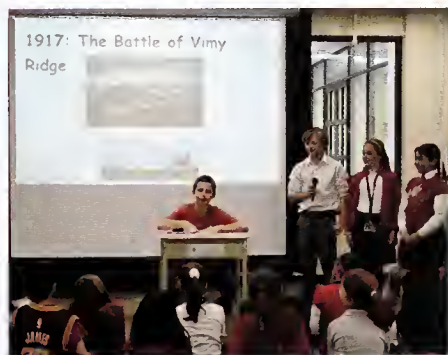

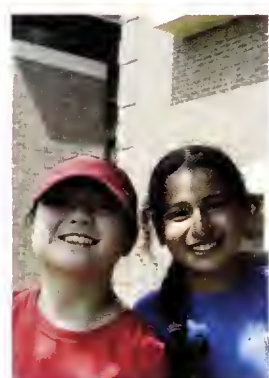

POD Life

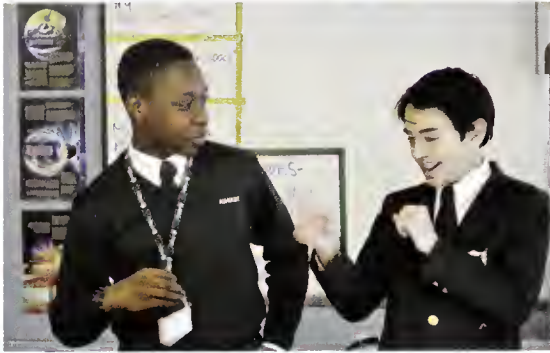

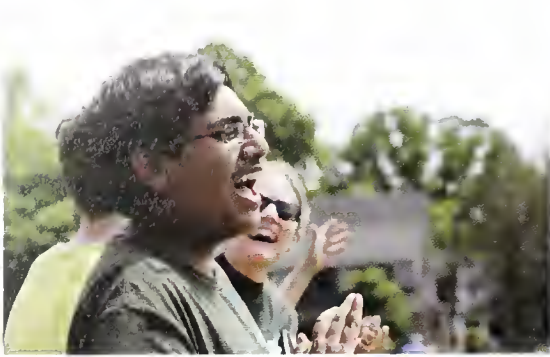

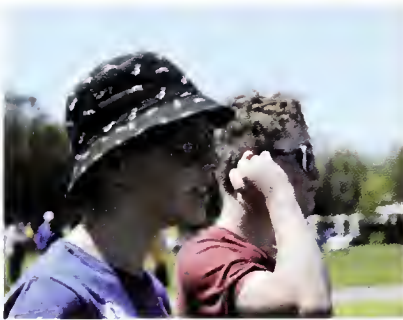

We are quite the tight knit community in the JS Pod. By the end of Grade 6, we have become more like siblings than classmates. We enjoy having a lot of fun as we explore and discover together!

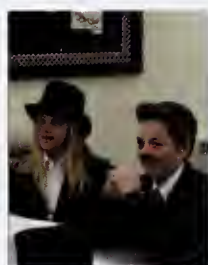

What's next?

Grade 8s

**Always
smiling!**

Track & Field

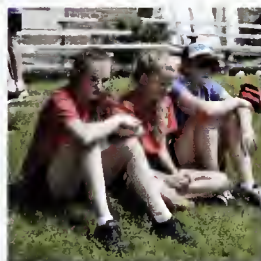

Track and Field Day is a great chance to relax and enjoy the beautiful weather and good friends. It is also a chance to cheer on our housemates and watch them shine in their events.

Great strides!

Closing

Junior School Closing is a chance to congratulate the efforts of our hardworking students for their academic and athletic accomplishments. We also acknowledge their contributions to the life of the Ashbury community.

Congratulations Everyone!

Congratulations, Welcome Back and Good Luck!

We have had a lot of change in the Junior School staff. We were so happy to welcome Mr. Spratt, Mr. Lamorie, and Ms. Garland this year and we are very pleased to have Ms. Froggett and M. Plouffe officially on the team as of next year. It is also with great pleasure that we welcome back Mme Nally and Mr. Pottinger after their parental leaves. We want to extend a warm congratulations to Coach Boyd who will be heading to the University of Ottawa to coach rugby.
